

## Our Vision

*Justice, opportunities and equitable access for all.*

## Our Mission

*Fostering community well-being and social justice through positive action and leadership.*

### Who We Help

Tens of thousands of people looking for assistance and support through one or more of our 80 plus programs.

*We are people helping people.*

### How We Help

We support individuals to achieve the goals they have identified.

We work alongside community partners such as the City of Abbotsford, the Abbotsford School District, the Fraser Health Authority and other community service providers on social issues such as reducing youth gang involvement, addressing homelessness and improving mental health services.

# Our Strategic Goals 2016-2019

## To champion the liveable wage campaign

- Achievement of this goal will contribute to reducing family poverty and improving the lives of our community members.

## To increase community awareness

- Achievement of this goal will ensure that all community members know enough about Abbotsford Community Services to access needed services and/or to support our initiatives.

## To increase dollars raised with an emphasis on “area of greatest need”

- Achievement of this goal will ensure that we maintain and enhance our ability to serve the community’s needs with responsive and innovative services and programming.

## To strengthen our capabilities in quality assurance, information technology, fund development and marketing

- Achievement of this goal will enhance our data gathering, our communications, and our cyber-security systems to carry out our Mission.
